

Learn More About Bilingual Language Development!

Here is a wonderful link from the American Speech, Language, and Hearing Association (ASHA) that provides some tips to parents on raising a child to speak more than one language:

<http://www.asha.org/public/speech/development/BilingualChildren.htm>

This blog is written by Dr. Elizabeth Peña at the University of Texas – Austin, a specialist in bilingual speech-language pathology:

<http://2languages2worlds.wordpress.com/>

A number of specialists in the area of bilingual speech-language pathology contribute to this blog with information and tips for parents and speech-language pathologists:
