

# Maximizing Speech-Language Treatment

Does your preschooler have difficulty

- Speaking as well as others his or her age?
- Using English correctly?
- Putting ideas into words?

Researchers from the University of Arizona's Department of Speech, Language, & Hearing Sciences are offering 4- and 5-year-old children the opportunity to participate in a research study of new treatments to improve language skills.

**Talk MOORE Summer Camp**  
**Monday, June 17 - Friday, July 26**  
Monday through Friday  
8:30 am - 12:30 pm  
The University of Arizona

- ✓ Children participate in research-based language therapy for 30 minutes daily
- ✓ When not in therapy, children participate in classroom activities designed to improve vocabulary and pre-reading skills
- ✓ 1:2 adult/child ratio

**This research program is offered at no cost to qualified children.**

\*Parents must provide transportation to and from the program
